

# Putting my hand up

Sometimes my teacher asks questions.

1

Sometimes I know the answer and I put my hand up but the teacher doesn't choose me. This makes me sad.

2

There are lots of children in my class who have their hand up and the teacher chooses one of the other children.

3

My friends feel sad too because they want to answer the teacher's question. The next time the teacher asks a question my friend's put their hands up again.

4

I will try to be more like my friends and put my hand up when I know the answer. I will try not to be sad if the teacher doesn't choose me.

# Being a friend

When I go outside at break time I like to play with my friends.

1

Sometimes I like to walk around the playground with my friends.

2

Me!

I must remember to be the best friend in the world and **not** to push or hurt my friends.

3

I will try to be the best friend in the world by playing with my friend and not hurting them. This way, I will have lots of friends at school!

# Being teased at school

When I go outside at break time I play with my friends. Sometimes I like to play football.

1

Sometimes other children say nasty things to me that upset me.

2

I must remember **not** to hit the children who are teasing me, and that the bravest thing to do is walk away to another place in the play ground.

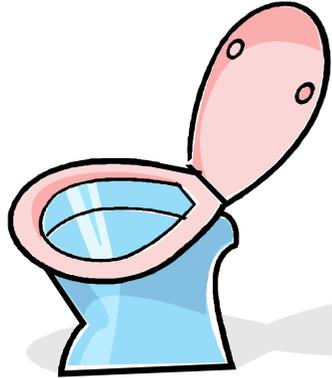

3

I will try to be the bravest in the playground and to always walk away when I am being teased. This way, I will have lots of friends at school.

# Going to the toilet at school

Sometimes at school I need to go to the toilet. In the toilets there is a machine that my friends use to dry their hands. This is the hand drier and it makes lots of noise.

1

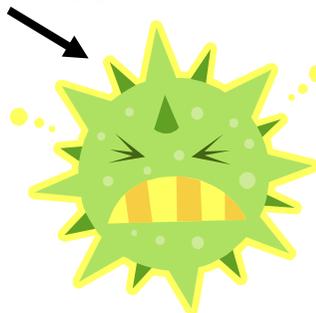

That's me,  
Brave Ahmed!

If the hand drier comes on whilst I am in the toilet I must be brave and finish going to the toilet, then pull my pants up.

2

(A smelly germ)

I must wash my hands and then I can use the paper towels in the classroom to dry them. If I don't wash my hands the germs could make me poorly.

3

I must remember to wash my hands when I go to the toilet so that I don't get poorly.
